

CHEMSTAR

Just Insert, Mix, and Spray™

Chemstar Corporation, a global leader in food safety and sanitation solutions, brings you a revolutionary new concentrated cleaning system. Just Insert, Mix, and Spray™ (J.I.M.S.™) is an economical, convenient, and safe solution for your most challenging cleaning jobs.

It's that simple...just add water, insert a cartridge, and attach the sprayer.

Perfect for commercial cleaning environments such as retail supermarkets, convenience stores, quick-service restaurants, and the hospitality industry, J.I.M.S.™ cartridges are much more puncture and moisture resistant than fragile drop-in gel pouches.

Compared to 24 typical one-quart bottles of ready-to-use product, the J.I.M.S.™ system:

- Costs less
- Takes up significantly less storage space
- Is much less expensive to ship
- Produces substantially less waste

The J.I.M.S.™ system is part of our GREENSTAR Commitment™ to promote sustainability in all parts of our operations, from products and production to packaging and equipment. We are dedicated to helping our clients incorporate environmentally friendly and sustainable solutions into their business models.

Available in five formulations:

J.I.M.S.™ Bathroom Cleaner

A mild acid combined with unique grease-releasing agents to brighten grout lines, chrome, fiberglass, and tile surfaces. Removes grease, oils, soils, body oils, soap scum, hard water stains and uric salts from restroom surfaces. Revive your tile surfaces to their original luster. *USDA C2 Equivalent • pH 1*

This product meets Green Seal's environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

J.I.M.S.™ Glass Cleaner

A specially formulated glass, plastic and CRT cleaner designed for use on glass, lexan, lucite, mirrors, menu boards, and other surfaces not harmed by water. This formula utilizes a special combination of soil-suspending detergents and wetting agents to quickly remove soil smudges, grease and fingerprints without streaking. Anti-static to repel airborne dirt. *USDA C1 Equivalent • pH 7.8*

This product meets Green Seal's environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

J.I.M.S.™ Degreaser

This powerful spray and wipe degreaser cleaner combines powerful grease-cutting agents with a unique vandalism mark remover to eliminate problem soils and permanent ink marks. This premium residue-free spray-and-wipe cleaner provides a multitude of applications including removing work station soil buildup, inks from tabletops, countertops, walls, and everyday grease, grime, oils, and lubricating compounds. *USDA C1 Equivalent • pH 12*

This product meets Green Seal's environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

J.I.M.S.™ Sanitizer

A powerful sanitizer for food contact surfaces and food processing equipment which does not require a potable water rinse. Based on a twin-chain quaternary compound to provide maximum efficiency. Formulated without color or fragrance, making it acceptable for use in meat and poultry plants. *USDA D2 Equivalent • pH 12.5 • EPA Registration Number 1839-49-81266*

J.I.M.S.™ Disinfectant

Our disinfectant combines the activity of a dialkyl quaternary with powerful cleaning agents, buffered to a neutral pH for no-rinse cleaning and disinfection. It provides broad spectrum effectiveness against gram-positive and gram-negative bacteria including staphylococcus aureas (methicillin resistant) and VRE stains, viruses (including HIV-1, the AIDS virus) and pathogenic fungi (including T. mentagrophytes, the athlete's foot fungus) to control cross-contamination and reduce the spread of infection. *USDA D1 Equivalent • pH 7.5*
